RE: Request to Occupy Public Right-of-way

By way of this letter the University of Nebraska-Lincoln submits a request to occupy public right-of-way across "W" Street (east of 22nd Street) for the purpose of placing fiber optic communication lines from the Facilities Maintenance Shops (942 N 22nd) south to the Whittier Junior High Building (2200 Vine).

This request is two-fold. The first occupancy request is for the placement of a temporary "overhead" fiber optic line running perpendicular across "W" Street from building to building. The second request is to place (in the future) an "underground" fiber optic line across "W" Street, at which time the temporary overhead line would then be removed. Each occupancy location (within S24-10N-R6E) is outlined on the attached aerial map.

Prior to the underground occupancy, appropriate drawings will be submitted to you as required; however, we respectfully request the over-head approval be granted at your earliest convenience so the fiber optic communication line can be supplied to the Whittier building as soon as possible.

Should you require further information, please call.

Thank you for your assistance.

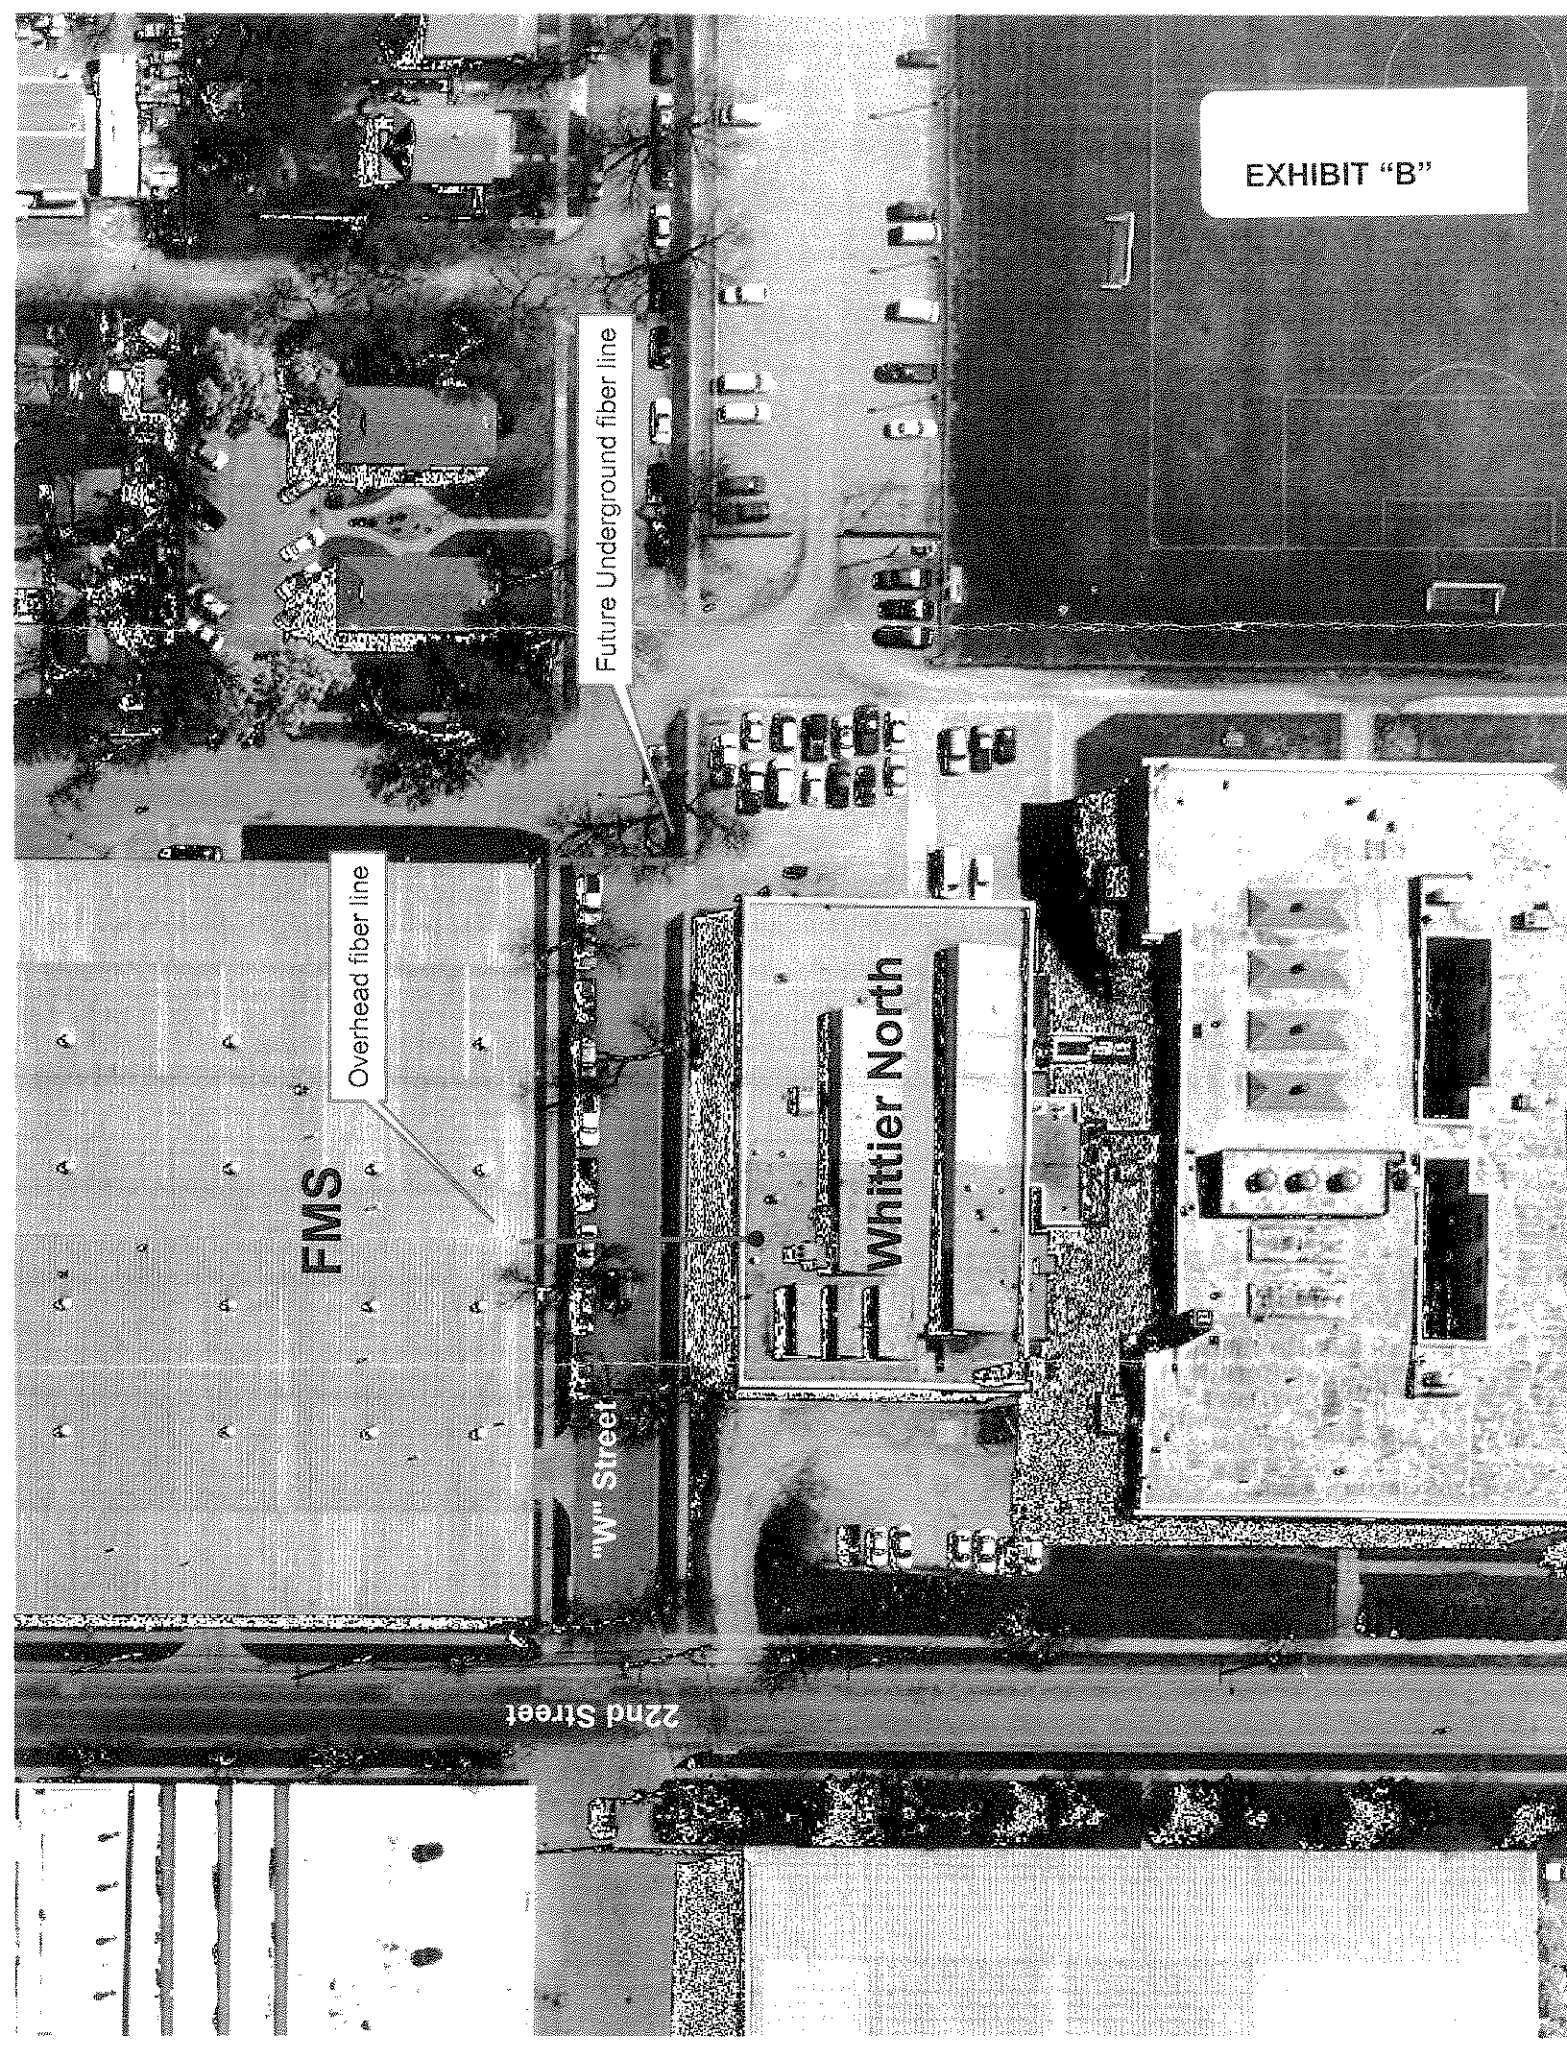

Sincerely,

Linda Cowdin
